

Dear Families

As part of our ongoing commitment to enhancing the 'Positive Behaviour for Learning' (PBL) program at our wonderful school, we will be celebrating our new PBL initiative next Tuesday by having a special launch day. On this day we will be introducing our students to a new communication system between home and school- a tool that will be used to celebrate students positive learning behaviours displayed in the classroom. This booklet will be sent home on a weekly basis and will provide students and parents with an ongoing record of success and areas which may need improvement. This booklet will need to be returned to school each Monday.
