

Permission to Publish Specific Activity – Presentation Day live stream

Dear Parent/ Caregivers,

Nords Wharf Public School will be live streaming our Presentation Day Assembly due to COVID19 restrictions. To enable equitable access for parents and community members, this event will be live streamed on the internet via a specific link. Unfortunately, no community members will be present on school grounds for this event. The school has organised Power Creative to film and stream the event on Wednesday, December 9. The link will be available from 9.45am for a 10.00am start.

Students will be filmed while the presentation day is being run. Foreground footage of students in the audience will also be obtained.

The footage taken will not be used in any promotional manner or any other context. The recording will be owned by the school and not used to promote the company being engaged to live stream. It will then be kept electronically in a secure location on the school's server. The live stream may be viewed online with the link and access provided to the school community via Seesaw and can be shared with family members. The link will remain active for seven days following the event for school community members who cannot watch it live. We ask that you do not share footage on social media to respect the privacy of others in the school community.

We are asking for your consent to have your child/ward be part of the live-stream. If you do not consent, arrangements will be made to have a hold screen displayed if they are an award recipient, and they will be seated in an appropriate location so they are not filmed as part of the audience. Providing consent for this is a one off and does not change your child's overall permission to publish.

Please complete the permission form below and return this to the school office **before Friday, December 4** in order for your child to be filmed for this school event.

Kind Regards,

Jodie Corrigan
Principal
